 - 2nd: Rebecca Chappa

Proposed change to the bylaws.

- The wording was sent last Friday as well. This change will allow the board more flexibility when finding a replacement for a missing board member. We will still have the opportunity to cover the duties so that the role can continue to function for the organization, however, it will now allow us to hold a special election to officially fill the position before the end of the term. For example, a position is typically a 2 year term and if someone has to step down after only 6 months this amendment will allow the board to not have to wait a year and a half to have a new board member (article 5, section 8).
- It currently states: Vacancies occurring in the offices shall be filled by the Executive Board for the remainder of the unexpired term.
- The proposed change is: Any board position vacated mid-term can be fulfilled by the board, pending a special election.
- Motion to approve: Rebecca Chappa
- 2nd: James Jacob
- Ayes have it

Scott Phillips adjourned the meeting at 8:21PM.
